

Investing for Success

Snapshot report

Under the Investing for Success Agreement for 2018
Camira State School received

\$339,456

Our full 2019 agreement can be found at: www.camirass.eq.edu.au

Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented included:

- Initiative 1: **Embedding a systematic and consistent approach to the explicit teaching of reading.** Our school implemented a consistent reading block to deliver the high quality teaching of reading to all students.
- Initiative 2: **Effectively planning to meet our students needs.** In 2018, cohorts of teacher met regularly to plan carefully crafted learning experiences to meet their students needs.
- Initiative 3: **Using data to group student performance.** A data conversation process was implemented in 2018 to track and monitor individual growth in student performance.
- Initiative 4: **Implementing high quality evidence-proven pedagogical framework.** The teaching and learning committee reviewed the school-wide pedagogical framework and implemented a revised framework with explicit instruction as our signature pedagogy.
- Initiative 5: **Differentiating our teaching practice to improve student outcomes.** Each class within the school implemented a differentiated class profile to assist with student learning.
- Initiative 6: **Building the capacity of our teaching team.** 100% of our teaching team completed an annual plan designed to build their capacity. Also, the school implemented a wide range of professional development opportunities for our staff.
